EXAMINER'S COMMENT

This action is responsive to applicant's amendment filed November 11, 2005. The amendment is deemed to be persuasive to overcome the rejections under 35 USC 112, 2nd paragraph and 35 USC 102(b) set forth in the Final Office Action mailed June 8, 2005. In view of said amendment and the arguments presented the rejections are now withdrawn.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The prior art of record lacks teachings of a method to perform a surgical procedure wherein a braided suture having an outer cylindrical wall and lumen extending coaxially therethrough and a length of the suture extending through the lumen forming a loop. The method include attaching the loop to a patient's tissue via a cannula and causing the tissue to move by pulling a free the proximal end portion of the suture until the tissue is securely lock by the loop.

For these reasons, the examiner believes the claims are allowable over the art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
